

BAKUP-USA

Installation Guide

Suzuki Boulevard M109R Driver's Backrest
FA

- **Place bike in a safe location.**
- **Remove driver seat.**
- **Remove the two screws that hold the pillion seat, or the rear cowl, whichever you have.**
- **Place your backrest so that the holes in the backrest align with the mounting holes for the pillion seat. Place spacers between the backrest and the mounting point of the pillion seat. Install the new screws supplied and tighten.**
- **Reinstall driver seat and adjust to your liking.**

NOTE: IF YOU ARE USING THE REAR COWL, INSTALL THE BUMPERS SUPPLIED TO THE COWL TO PREVENT THE BACKREST FROM DAMAGING THE PAINT ON THE COWL.

GET ON YOUR BIKE AND RIDE!
